

Virtual Apprenticeship Talk

RMBC Repairs and Maintenance Case Study

Overview

ENGIE are committed to delivering Social Value in communities where we are contractually working.

Kerri White from ENGIE held a virtual interactive session with guest speaker Joe Harvey who is a current apprentice plumber working for ENGIE. The talk was for construction students at RNN college Rotherham.

Joe spoke openly regarding his own journey into becoming an apprentice and the benefits of earning a wage while studying at college.

He explained the advantages he has working on real life situations and applying his knowledge into practise.

Joe showed the students his NVQ folder and stress the importance of taken photos throughout his working day keeping his folder of evidence current and up to date.

Outcomes

Students had a opportunity to speak to a current apprentice experiencing the process that they aspire to do, with a opportunity to speak openly.

Key Features

- Advice from a current apprentice
- Career guidance

“I always new I wanted to be a plumber and I was lucky to find an apprenticeship within ENGIE I would recommend an apprenticeship as it’s the beginning to a exciting career in construction”

Joe Harvey
Apprentice Plumber
ENGIE
