

Dinnington Ward Profile 2017

Description

Dinnington lies in the south east of Rotherham Borough, with a population of 13,230 (2016) and an area of 3,581 hectares. The ward is based on the small town and parish of Dinnington (population 9,240) as well as the villages and parishes of Laughton on le Morthen (population 1,250), Firbeck (population 290), Letwell and Gildingwells (population 210). Also included is the village of Laughton Common (population 2,120) which is part of Thurcroft parish. The ward is very varied with extensive rural areas as well as an industrial area, a deprived former mining community and modern suburban housing estates, popular with commuters.

Population by Age

2016 Estimate	Population	Percentage	Rotherham Average
Aged 0-15	2,570	19.4%	19.2%
Aged 16-24	1,320	10.0%	10.2%
Aged 25-44	3,210	24.3%	24.2%
Aged 45-64	3,640	27.5%	27.1%
Aged 65+	2,500	18.9%	19.3%
Total	13,230	100%	100%

Population change since 2011: + 803 (+ 6.4%) (Rotherham +1.8%)

The population of Dinnington ward has increased since 2011, at a significantly higher rate than the Borough population. The age structure of the population is very similar to the Rotherham average.

Ethnic Group

2011 Census	Population	Percentage	Rotherham Average
White British	12,069	96.4%	91.9%
Other White	204	1.6%	1.7%
Mixed	114	0.9%	1.0%
Asian	82	0.7%	4.1%
Black	36	0.3%	0.8%
Other	12	0.1%	0.5%
Total	12,517	100%	100%

3.6% of Dinnington residents were from a BME community in 2011, less than half the Borough average of 8.1%.

Housing and Households

Dwellings in 2016: 5,793 (5,505 in 2011), Households in 2016: 5,550 (5,271 in 2011)

The number of dwellings in Dinnington has increased by 288 (+5.2%) since 2011 and there are 279 more households (+5.3%).

2011 Census	Detached	Semi	Terraced	Flats	Total
Owner Occupied	1,506	1,553	590	43	3,692 (70%)
Social Rented	47	365	126	171	709 (13%)
Private Rented	109	308	279	174	870 (17%)
Total	1,662 (32%)	2,226 (42%)	995 (19%)	388 (7%)	5,271

Housing in Dinnington is mainly owner occupied with a large proportion of detached houses. Private rented housing outnumbers the social rented sector, being mainly semi-detached and terraced, with relatively few flats.

Council Rented Properties in 2017: 579 (500 houses and 79 flats), 10.0% of dwellings

Employment, Benefits and Pensions

Economic Activity and Employment

2011 Census – All Aged 16-74	Number	Percent	Rotherham Average
Employees	4,877	52.9%	52%
Self Employed	777	8.4%	7.4%
Student – economically active	191	2.1%	2.3%
Unemployed	492	5.3%	5.2%
Long Term Sick	448	4.9%	5.6%
Student – economically inactive	346	3.8%	3.9%
Retired	1,481	16.1%	16.6%
Looking After Home/Family	424	4.6%	4.7%
Other Inactive	184	2.0%	2.2%
Total	9,220	100%	100%

Total Employment by Workplace (2011): 5,536

Dinnington had fairly average proportions of people aged 16-74 in employment (63.4%) and workless (10.2%) in 2011. The number of jobs in the ward is equivalent to 87% of the local workforce.

Benefits and Pensions

DWP (2016)	Number	Percentage	Rotherham Average
Working Age Population (16-64)	8,170	100%	100%
- Claiming a DWP Benefit	1,230	15.1%	15.8%
- Unemployed Claimants	150	1.8%	1.8%
- Long Term Sick Claimants	610	7.5%	8.1%
- Total Out-of-Work Claimants	915	11.2%	11.5%
State Pensioners	2,555	100%	100%
- Pension Credit	405	15.9%	18.4%

Households claiming Housing or Council Tax Benefit (2014): 1,326 (23.4%) (Rotherham 25.6%)

The proportion of people claiming benefits of all types in Dinnington is at or just below the Rotherham average.

General Health and Disability

General Health bad or very bad (2011): 7% (Rotherham 7.6%, England 5.5%)

Limiting Long Term Illness or Disability (2011): 21.4% (Rotherham 22%, England 17.6%)

Claiming Disability Living Allowance (2015): 6.9% (Rotherham 7.6%, England 4.7%)

Dinnington had rates of poor health and disability slightly below the Borough average in 2011 but higher than the national average, reflected also in DLA claims in 2015.

Lifestyle and Specific Health Issues

Around half of health and lifestyle indicators are better (have lower rates) than Rotherham average and half worse. Around 5% of measures are significantly worse than Rotherham: emergency admissions in under 5s; hospital admissions for injuries in young people aged 15-24 years; and deaths from all causes (all ages). The period the data relates to is shown as (a) to (e) below and explained in the notes.

Compared to Rotherham average, Dinnington ward is **better** for (has lower rates/less): hospital admissions for injuries in under 5s (b); emergency hospital admissions for CHD (d); obese children in Year 6 (aged 10-11 years) (b); incidence of lung cancer (a); elective hospital admissions for knee replacement (d); and premature death from cancer (aged less than 75) (a).

In contrast, Dinnington ward is **worse** for (has higher rates/more): obese children in Reception Year (aged 4-5 years) (b); young people smoking occasionally (aged 11-17 years) and regular smokers aged 11-15 years (c); deliveries to teenage mothers (d); emergency admissions in under 5s (b); hospital admissions for injuries in young people aged 15-24 years (d); emergency hospital admissions for hip fracture for persons 65+ (d); premature deaths (aged less than 75) from circulatory diseases and coronary heart disease (CHD) (a); and deaths (all ages) for all causes, particularly from circulatory diseases, CHD, and stroke (a).

The Top 5 better and worse indicators are shown below (see Notes):

Better than Rotherham average

Premature deaths** from cancer (2010-2014) 90 (Rotherham 115)
Obese children (aged 10-11 years) (2012/13-2014/15) 18.9% (Rotherham 22.0%, England 19.0%)
Elective hospital admissions for knee replacement (2010/11-2014/15) 101 (Rotherham 118)
Incidence of lung cancer (2010-2014) 117 (Rotherham 132)
Emergency hospital admissions for CHD (2010/11-2014/15) 106 (Rotherham 116)

Worse than Rotherham average

Hospital admissions for injuries in 15-24 year olds (per 10,000) (2010/11-2014/15) 178.1, (Rotherham 133.7, England 139.5)
Emergency admissions in under 5s (per 1,000) (2010/11-2014/15) 207.7 (Rotherham 180.2, England 147.3)
Deaths from all causes (2010-2014) 127 (Rotherham 112)
Occasional smokers* aged 11-15 (2009-2012) 2.3% (Rotherham 1.4%, England 1.5%)
Deaths from stroke (2010-2014) 130 (Rotherham 99)

Also worth noting

Deliveries to teenage mothers (2010/11-2014/15) 2.9% (Rotherham 2.1%, England 1.2%)

Notes

Hospital admissions, cancer incidence and death rates are standardised to England (England = 100)

A ratio less than 100 is relatively better, more than 100 is relatively worse.

These are based on 5 years data to produce robust rates at ward level.

Deaths and cancer incidence data based on 2010-2014, hospital admissions/stays 2010/11-2014/15.

Data periods: (a) 2010-2014 (b) 2012/13-2014/15 (c) 2009-2012 (d) 2010/11-2014/15 (e) 2006-2008.

Data represents persons all ages unless otherwise specified.

*Modelled prevalence (based on socio-demographic profile and small area population data)

**Persons aged under 75.

'better' and 'worse' based on differences over 10% from Rotherham average.

Top 5 – Based on statistically significant or largest differences from Rotherham value. Ordering difficult due to comparing different measures (rates, percentages, ratios, life expectancy)

Education

Local Secondary School: Dinnington High School (Academy)

Good Development at Age 5 - 2013/14: 69% (Rotherham 62.2%, England 60.4%)

Key Stage 2 Level 4 in Reading, Writing & Maths 2014: 70% (Rotherham 77%, England 78%)

5+ GCSE inc English & Maths - 2013/14: 64.7% (Rotherham 56.8%, England 56.6%)

Key Stage 2 attainment in 2014 was below the Rotherham and national averages but secondary attainment was above average.

Highest Level of Qualification (2011 Census):

Degree or diploma 19.9% (Rotherham 17.4%, England 27.4%)

No Qualifications 27.7% (Rotherham 29.8%, England 22.5%)

Crime and Anti-Social Behaviour (ASB)

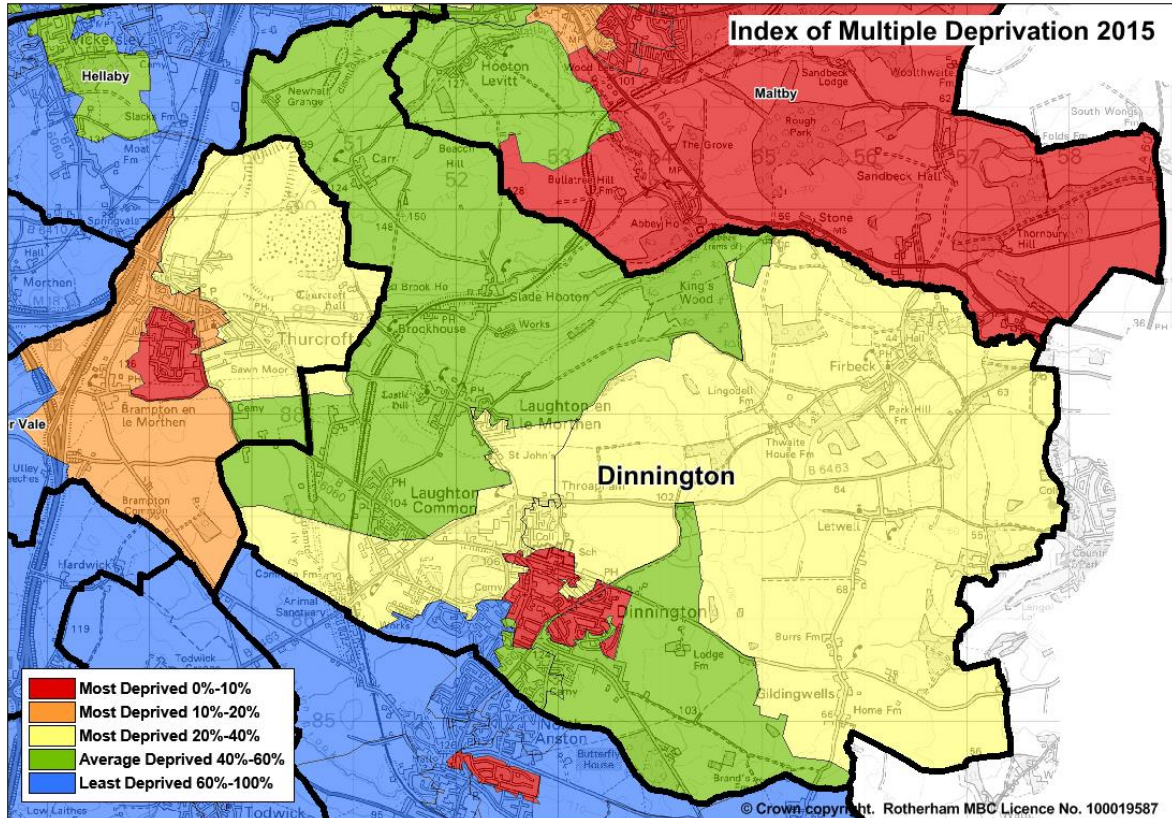

Recorded Crime (2016/17): 1,111 (84.0 per 1,000 population) (Rotherham 81.9)

Recorded ASB (2016/17): 419 (31.7 per 1,000 population) (Rotherham 48.5)

Levels of recorded crime in Dinnington are just above the Rotherham average although ASB levels are lower. There is a concentration in the central area where 38% of crimes in the ward were recorded.

Index of Multiple Deprivation 2015

The Index of Multiple Deprivation (IMD) is a Government index for all areas in England. The 2015 index uses 37 indicators across 7 deprivation domains (themes) with a 2013/14 baseline. The IMD is only produced for Super Output Areas (SOAs) of which there are 167 in Rotherham (around 8 per ward) and 32,844 in England, each with around 1,500 people. SOAs are ranked across England where 1 is the most deprived. Any rank below 3,285 indicates that an area is within the 10% most deprived areas of England.

Deprivation in Dinnington

Deprivation in Dinnington is slightly below the Borough average although this fact hides a very wide range of variation within the ward. Central Dinnington is one of the most deprived parts of the Borough and areas to both sides of Lordens Hill are within the most deprived 10% of England. Most of Laughton and south Dinnington have deprivation well below the Borough average, most notably the modern private housing estates in South west Dinnington (around Limelands Road) which is the least deprived area in the ward.

Indices of Deprivation 2015				
Deprived of Income	Persons	Income Deprived	Percent	Rotherham Average
All People	12,816	2,211	17.3%	18.7%
Children aged 0-15	2,415	597	24.7%	24.3%
Working Age 16-60/64	7,437	1,104	14.8%	16.6%
Older People 60/65+	2,996	510	17.0%	19.0%

Income deprivation overall is slightly below the Borough average in Dinnington although children in the ward are slightly more deprived than average.

SOA Code	SOA Local Name	IMD Score	IMD Rank	IMD Percentile
E01007790	Dinnington Central	57.9	1,129	4%
E01007791	Dinnington East	45.6	3,048	10%
E01007789	Monks Bridge & St John's	33.6	6,667	21%
E01007788	Firbeck & Throapham	23.6	11,625	36%
E01007786	Dinnington South	19.8	14,398	44%
E01007785	Dinnington South East	18.9	15,145	47%
E01007787	Laughton	14.4	19,260	59%
E01007792	Dinnington South West	6.9	28,153	86%

The IMD is not published for wards but the average SOA score in Dinnington is 26.6, slightly below the Rotherham average score of 28.3, with an SOA equivalent rank of 9,909 (30th percentile).
